Mr. Wachiramet “Nick” Nitiwataektada & Miss Voravee “Gai” Chaiya are known as one of the top Leaders in Thailand, and have recently decided to plant their flag with ByDzyne.

Within their first week, they achieved the top rank of 2-Star President, which generates over \$400,000 of sales revenue in a 2 week period.

In the past, they were the owners in the clothing business, however, once they were introduced to the network marketing industry, they haven't looked back since. Now they pride themselves with over 20 years of experience in this industry, and were ranked #92 top income earner in all of network marketing. (Listed by Business For Home)

They truly believe that network marketing is the best business model to change people's lives. “What better way is there to receive results back by simply helping other people? Trust us. We know what it feels like to be traditional business owners without getting any success from it.

However, in this industry, it is so rewarding both financially, spiritually, and emotionally knowing the lives we are able to impact.”

So, why ByDzyne?
