Smart Market Academy (SMA) is a 1<sup>st</sup> class forex education platform that will set itself apart from the rest with unparalleled mentorship and unique software with automation that will empower students in a self-paced, self-guided learning ecosystem.

Armed with both its physical and digital products, ByDzyne is set to disrupt the industry in 2020, living up to their global mission to truly create limitless opportunities and possibilities.

To accomplish a feat this big, ByDzyne has partnered exclusively with MTI® (Market Traders Institute) – the first, oldest, and most trusted forex technology and training organization in the world – considered the 'Rolls Royce' of online forex educators globally. MTI® has successfully trained over 1 million traders over the last 25 years and has for the first time ever ventured into the world of network

marketing through the launch of Smart Market Academy powered by MTI®.

## Mentorship

SMA students will have over 5 hours a day of live mentorship by a host of professional full time forex expert analysis. ByDzyne's partnership with MTI® brings in a wealth of resources and advantages to its students that gives them and you an edge over the rest.

The Founder of MTI® Mr. Jared Martinez, aka 'FXCHIEF®' is a specialist in understanding the psychology behind traders. With over 30 years of forex experience and valuable insight into the markets, he is considered an acclaimed industry expert (as seen on MSNBC & FOX), an international speaker and best-selling author. SMA students will have special access to the FXCHIEF mentorship for over 2 hours a week.

Mr. Gary Fichardt, the Director of Trading at MTI® comes in with 27 years of experience and focuses on advanced strategies for 6 hours per week. Along with mentorship starting right from the top, SMA gives its students access to live and archived daily analysis on trading sessions (New York, Tokyo, London) from professional forex analysts.

The quality of mentorship at SMA is unparalleled and unlike any other forex learning platform where mentors deliver quality content and education based on their own experience, applying it to current market trends.

***As recent as the third quarter in 2019 over 60% of its students reported a profit and 1/3 of customers reported earning 20% or more.\* As an MTI® student, you are two times more likely to profit when trading forex!***

## Software

SMA has yet another unrivaled advantage using automation through SmartTrader®, a proprietary cloud-based charting platform. The Harmonic Trader with Automation, unique only to MTI® and gives forex market novices the encouragement needed to take their first steps.

The custom-designed platform – with an unheard of success rate averaging 74% (*statistics are the result from back-testing these patterns against 10 years of Forex data for all major pairs*)- quickly identifies Harmonic Patterns. With SmartScripts, users are able to then activate automatic trades with these patterns. This incredible combination of mentorship and proprietary cloud-based charting platform are

perhaps SMA's biggest USPs and the mark of a matchless product.

## Education

Considered the biggest financial market in the world with more than US\$6.6 trillion traded a day, the forex market is an attractive long-term financial opportunity, yet for many, it is intimidating as it has a considerable learning curve.
