Personal Sales Page

GUIDE

Personal Sales Page

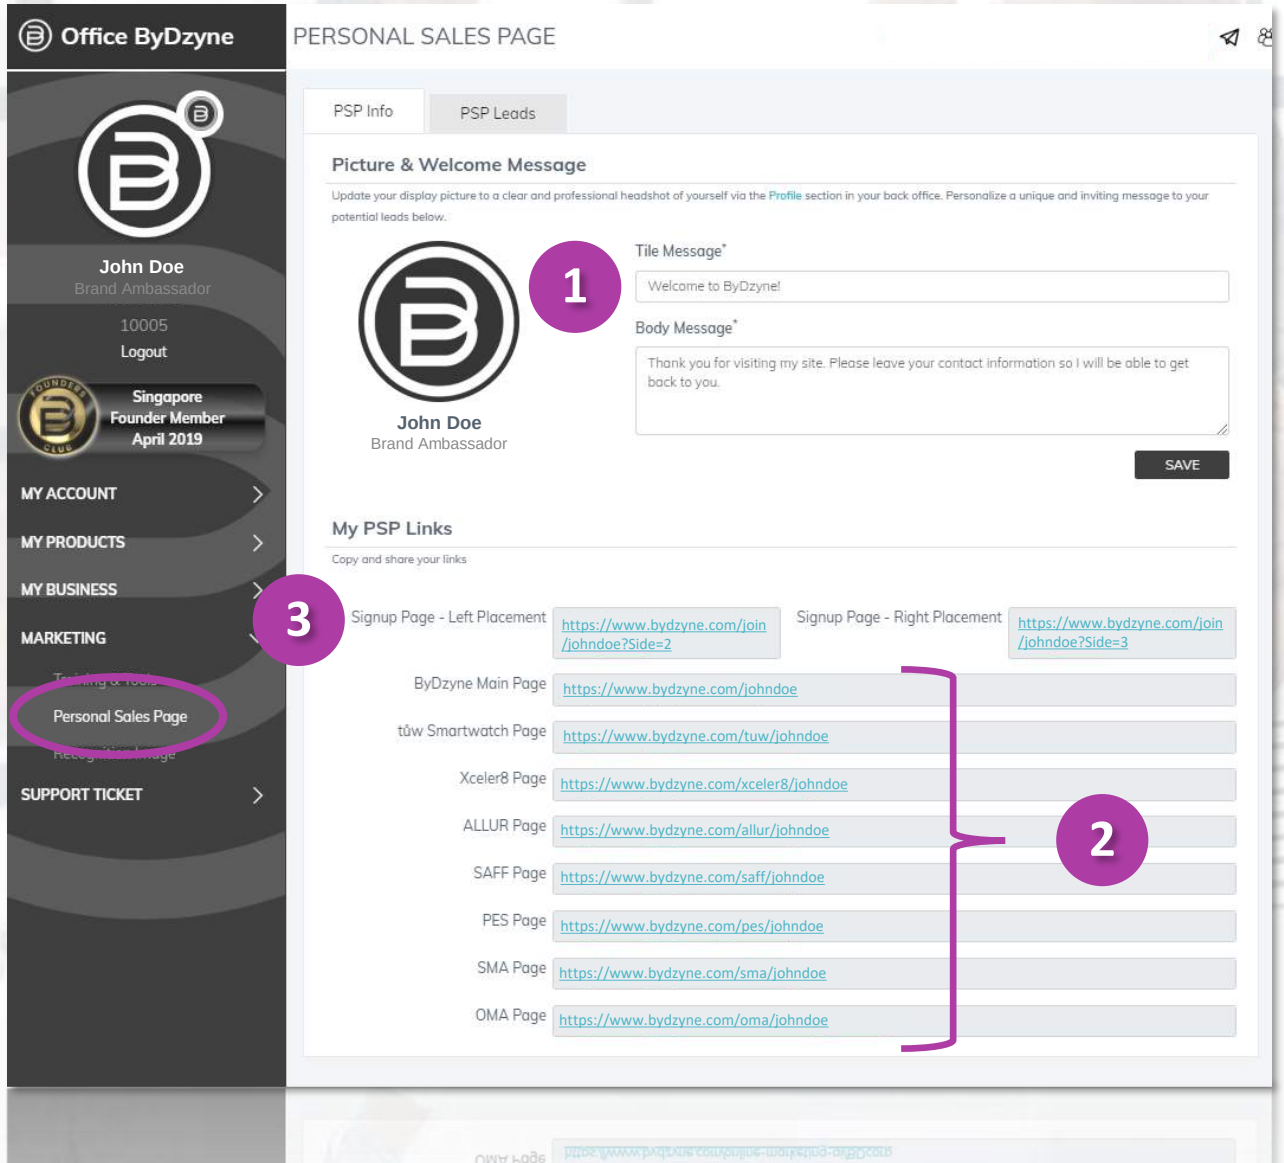
GUIDE

The ‘Personal Sales Page’ (PSP) is a ByDzyne tool accessible via your Back Office to help you direct your prospects, social media followers, anyone straight to the products and information of your choice, while capturing their contact information so you can follow up! Generate more leads and more interest by sending out any of your own Personal Sales Pages.

Each PSP link ends with your own unique ByDzyne username:

ByDzyne Main Page	http://www.bydzyne.com/USERNAME
tůw Smartwatch Page	http://www.bydzyne.com/tuw/USERNAME
Xceler8 Page	http://www.bydzyne.com/xceler8/USERNAME
ALLUR Page	http://www.bydzyne.com/allur/USERNAME
SAFF Page	http://www.bydzyne.com/saff/USERNAME
PES Page	http://www.bydzyne.com/pes/USERNAME
SMA Page	http://www.bydzyne.com/sma/USERNAME
OMA Page	http://www.bydzyne.com/oma/USERNAME

Section 1 – PSP Info



To view your PSP links, log into your Back Office.
Go to **Marketing** > **Personal Sales Page** to manage your PSP and leads. The PSP has 2 sections:
1) PSP Info
2) PSP Leads

Section 1: PSP Info

1. Picture & Welcome Message

In this section you can update the message that gets displayed when a prospect visits your PSP and clicks on “Contact Me”. Ensure you click ’Save’ to save your personalized message.

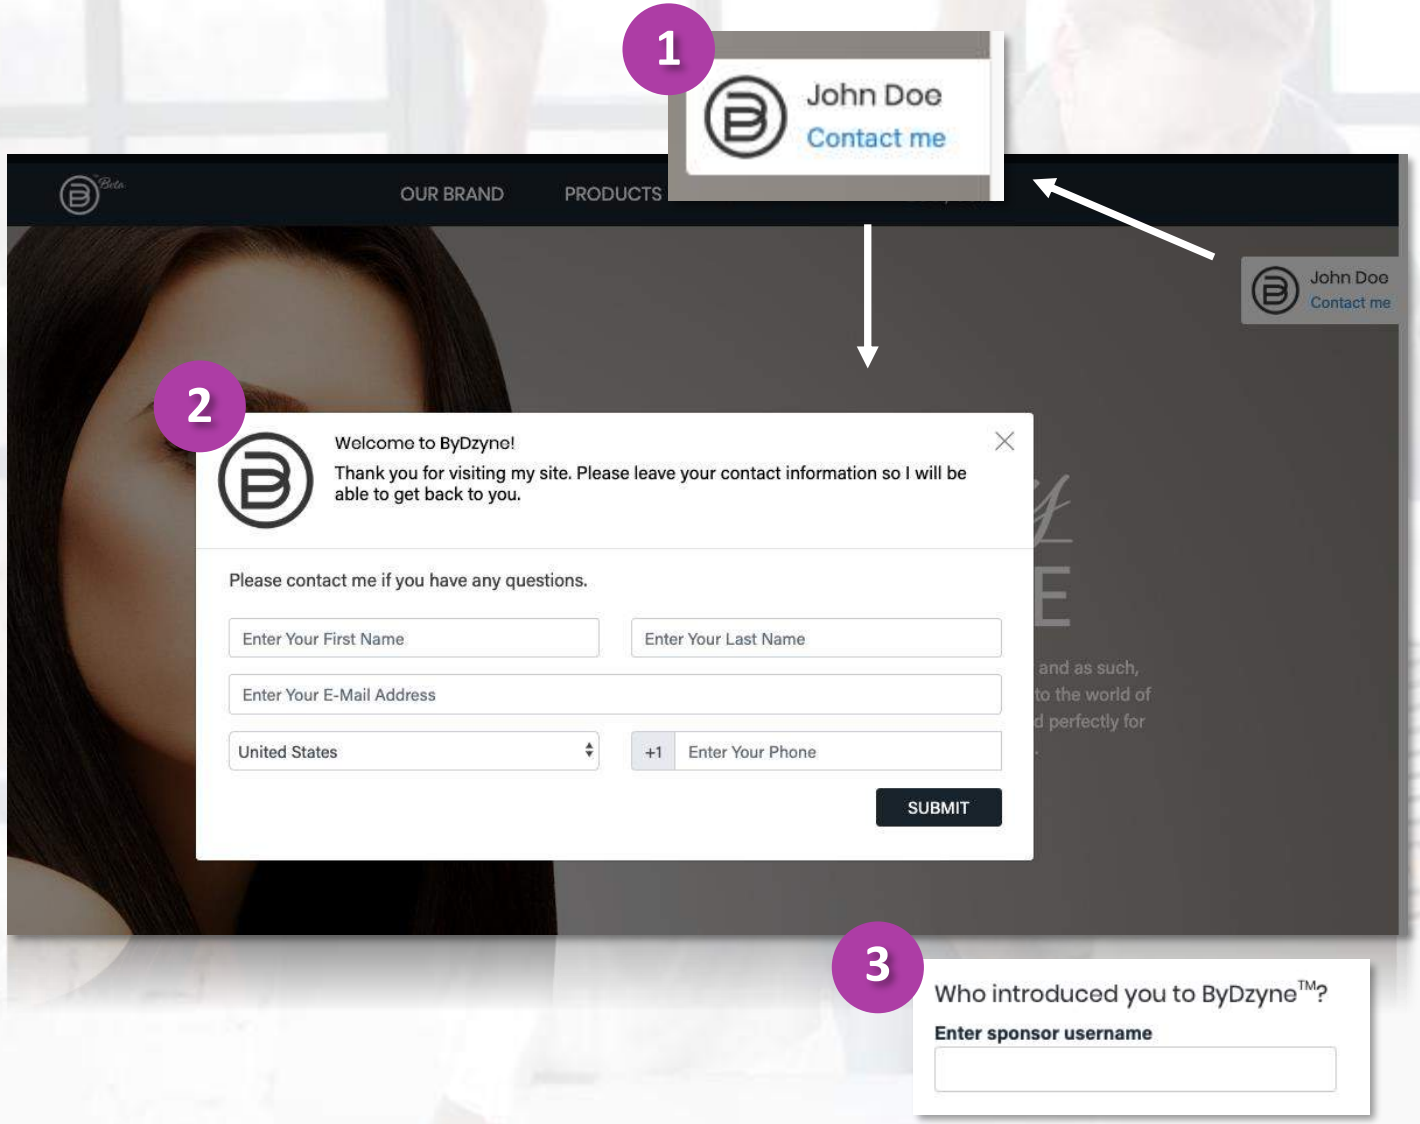
2. PSP Links

Your PSP links are displayed here. Right click on each link to copy and send to your prospect.

3. Signup Page Placement Links

You can also share the Right or Left placement link to your prospects. By sending either of the placement links, your prospect will automatically be placed on the Left or Right, depending on which link was sent.

Section 2 – PSP Leads



1. Contact me Button

When your prospect visits any of your Personal Sales Pages they will see a 'Contact me' button on the right side of the screen where your profile picture and name will be displayed.

2. PSP Leads

When they click the 'Contact me' button on the right side of the screen, a popup screen will appear with your personalized message.

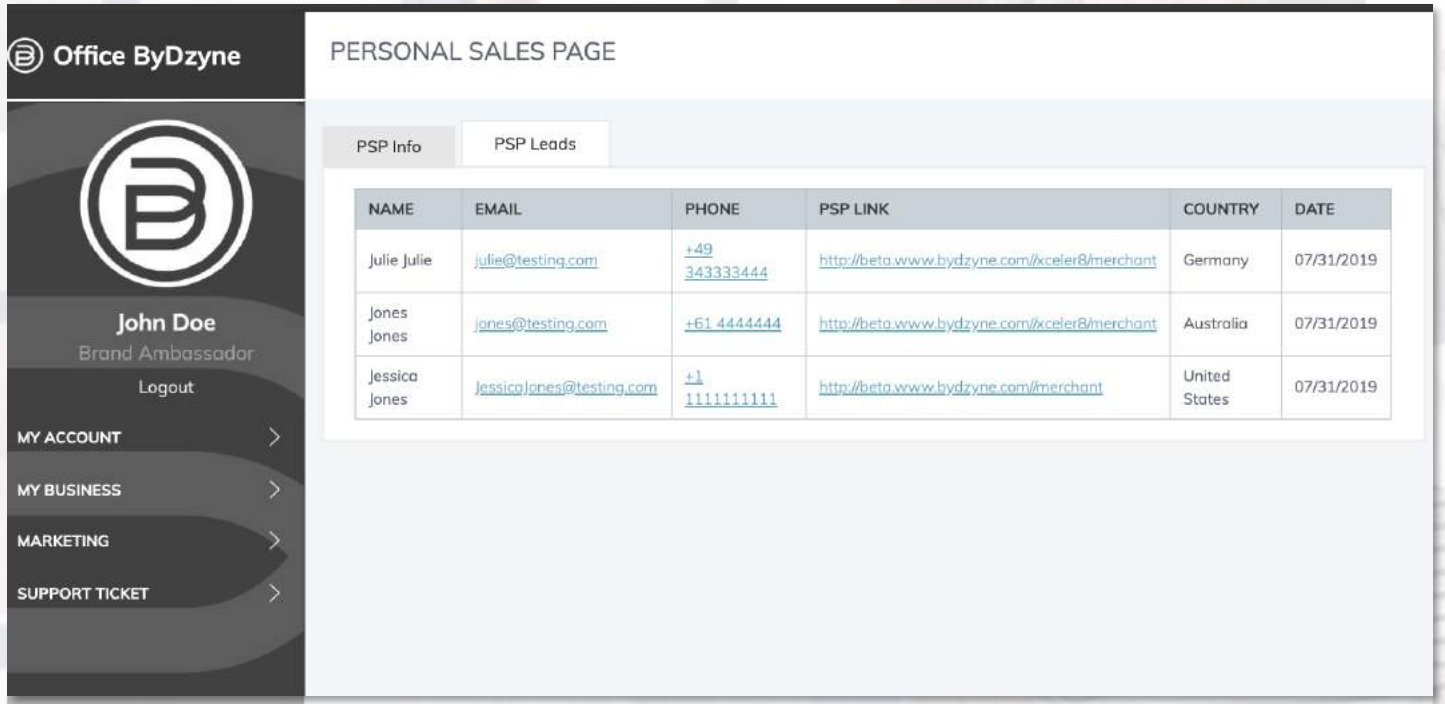
Here they will enter their contact information, click 'Submit', and their contact information will then be stored in the '**PSP Leads**' section in your Back Office

3. Additional benefit

If your prospect chooses to BUY products or JOIN ByDzyne, the system will automatically populate your username in the applicable section.

.

Section 2 – PSP Leads



Section 2: PSP Leads

In this section all the prospects that have visited your PSPs will be listed here with the following information:

- ✓ Name
- ✓ Email address
- ✓ Phone number (with country code)
- ✓ Country
- ✓ Date

Use this information to follow up with those who have visited your page and build your business faster and stronger!
