ByDzyne Launches Innovative FinTech Secure Wallet

BY TEAM BUSINESS FOR HOME

AUGUST 1, 2020

According to a ByDzyne press release:

From the founding days of ByDzyne, one of the core business principles that is guiding the success of the Company is to be strongly positioned as a "Trend Setter." This is one of the ways that ByDzyne has created such a noteworthy presence in the landscape of the network marketing profession.

This trend setting objective is significantly influencing the complete spectrum of ByDzyne's business activities. This includes the emerging and dynamic category of Financial Technology, also known as FinTech.

This term refers to innovations in the financial and technology crossover space and typically refers to companies or services that use technology to provide financial services to businesses or consumers. FinTech is successfully competing with traditional financial methods in the delivery of financial services.

ByDzyne is capturing an important financial trend with the introduction of a phenomenal FinTech product, the Secure Wallet. This is a state-of-the-art technology breakthrough which allows the user to keep crypto and digital currencies completely safe and thoroughly protected.

The Secure Wallet, available through ByDzyne, is rapidly becoming one of the most robust cold storage solutions available. In addition to outstanding cold storage (offline) functionality, it can also simultaneously be a hot wallet (with bluetooth connectivity).

The Chairwoman of ByDzyne, Chanida Puranaputra, has always had an innate ability to see significant business trends of the future and then acting on this vision at precisely the right time. With her commitment to FinTech solutions, the Secure Wallet is the perfect addition to start ByDzyne's Financial Technology vertical.

With this sleek, credit card-sized device that never needs to leave your pocket, cold storage has never been easier to understand and to use on a daily basis.

Of great significance also is the coming mobile app update that will allow consumers to convert crypto within the app itself, swapping currencies in the blink of an eye, and cutting out the burdensome task of sending to and from exchanges.

ByDzyne's users of the Secure Wallet will be able to fully safeguard their digital assets and private keys. This happens through a combination of world leading security and ultra-portability. The Secure Wallet has received the highest rated security certification, CC EAL 5+, a top-level government security protocol, and it connects to the mobile app using encrypted Bluetooth connections and the private keys never leave the card.

This device is never connected directly to the internet, thereby avoiding the risk of loss from cyber crime or hackers. To maximize security, it requires physical confirmation on transactions. Even in the case that the Secure Wallet might be misplaced, lost or stolen, the owner can easily use a recovery code and quickly restore your private keys and balances. You will not lose any of the value of your crypto assets.

The experts responsible for the creation and development of ByDzyne's Secure Wallet are passionate about the blockchain revolution and are driven by a desire to deliver disruptive and revolutionary blockchain solutions. Putting it simply, within the FinTech space, ByDzyne is achieving a connect-the-dots strategy, with each solution, or 'dot,' contributing to a greater blockchain ecosystem.

	The Company	MLM Rank	MLM	Blockchain	Mobile	AI	IoT	Big Data	Cloud	VR	AR	Blockchain	Mobile	AI	IoT	Big Data	Cloud	VR	AR
SECURE WALLET	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
TREZOR	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Ledger	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
keep key	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

With this Secure Wallet, all crypto assets are in the owner's possession at all times. None of these digital assets are ever transferred, managed or held by any third party. Instead, assets are sent or received directly to the Secure Wallet, by the owner only. This hardware (the card) and the companion app allows the owner to directly manage their crypto assets with zero intervention from any third party. Security and protection is of paramount concern and these important elements are completely achieved with the Secure Wallet.

ByDzyne is pleased to announce this trend setting development which is already being received with much acclaim by consumers who conduct important financial activities in the digital asset space.

ByDzyne Lanza Innovadora Billetera Virtual Fintech

Desde los días en que se fundó ByDzyne, uno de los valores fundamentales que han guiado el éxito de la compañía es estar firmemente posicionados como "creadores de tendencia". Esta es una de las formas en las que ByDzyne ha creado una presencia tan notable en el panorama de la profesión del mercadeo en red. Este objetivo de crear tendencia influencia significativamente el espectro completo de la actividad comercial de ByDzyne.

Esto incluye la emergente y dinámica categoría de la tecnología financiera, también conocida como FinTech, el término hace referencia a las innovaciones en el espacio transversal financiero y tecnológico, y típicamente hace referencia a compañías o servicios que utilizan la tecnología para proveer servicios financieros a negocios o a consumidores. FinTech ha tenido éxito en la competencia frente a métodos tradicionales en la entrega de servicios financieros.

ByDzyne captura una tendencia financiera importante con la introducción de un producto fenomenal FinTech, la Secure Wallet (billetera segura). Esto es un moderno avance tecnológico que permite al usuario resguardar cripto y monedas virtuales de forma completamente segura e íntegramente protegida. La billetera segura, disponible a través de ByDzyne, está rápidamente convirtiéndose en uno de los almacenamientos en frío más robustos disponibles. Adicional a esta funcionalidad de almacenamiento en frío excepcional fuera de línea, también puede, de forma simultánea, ser una billetera en caliente (con conectividad Bluetooth.)

La directora de ByDzyne, Chanida Puranaputra, siempre ha tenido la habilidad innata de identificar las tendencias comerciales futuras significantes, para luego actuar bajo esa visión, con precisión en los momentos adecuados. Con su compromiso hacia las soluciones FinTech, la billetera segura (Secure Wallet) es la adición ideal para comenzar la vertical de tecnología financiera de ByDzyne.

Con este detallado dispositivo, que jamás tiene que dejar tu bolsillo ya que no es más grande que una tarjeta de crédito, el almacenamiento en frío nunca ha sido más fácil de entender y usar de forma diaria. También es de gran importancia la llegada de la actualización de la aplicación móvil, que permitirá a los consumidores transformar cripto dentro de la misma aplicación, intercambiando entre monedas a la velocidad de un parpadeo y eliminando la ardua tarea de enviar y recibir desde intercambiadoras.

Los usuarios de ByDzyne que usen la billetera segura (secure wallet) tendrán la posibilidad de salvaguardar de forma integral sus activos digitales y llaves privadas. Esto sucede gracias a una combinación de, seguridad líder a nivel mundial y de ultra portabilidad. La billetera segura ha recibido la certificación de seguridad de más alto nivel, CC EAL+, un protocolo de seguridad de punta de uso gubernamental, y se conecta a la aplicación móvil haciendo uso de conexiones de Bluetooth encriptadas para que la llave privada nunca deja la tarjeta. Este dispositivo nunca está conectado directamente al Internet, y de esta forma se logra evitar el riesgo de pérdidas por ciber-crimen o hackers. Para maximizar la seguridad, al momento de las transacciones, el dispositivo requiere confirmación física. Incluso, en el caso de que la tarjeta se refunda, se pierda o sea robada, el dueño puede, fácilmente, usar un código de recuperación y rápidamente restaurar sus llaves privadas y balances. No perderás nada del valor de tus cripto activos.

Los expertos responsables de la creación y el desarrollo de la Billetera Virtual de ByDzyne son apasionados acerca de la revolución del Blockchain y son impulsados por un deseo de entregar soluciones revolucionarias y disruptivas acerca del Blockchain. De manera simple, dentro del área del FinTech, ByDzyne está logrando una estrategia "atando cabos", contribuyendo con cada solución o "cabo" hacia un mejor ecosistema Blockchain.

Con esta billetera segura, todos los cripto activos están bajo la posesión del dueño, en todo momento. Ninguno de estos activos son transferidos, administrados o retenidos por ningún tercero, nunca. En cambio, estos activos son enviados o recibidos directamente en la billetera segura únicamente por el dueño. El hardware (la tarjeta) y la aplicación complementaria permiten al dueño administrar sus cripto activos directamente, con cero intervenciones de cualquier tercero. La seguridad y la protección son de preocupación primordial y estos importantes elementos son conseguidos a través de la billetera segura.

ByDzyne está encantado de anunciar este desarrollo, que llega estableciendo tendencias, ya que está siendo bienvenido con mucha ovación por muchos consumidores que desarrollan actividades de alta importancia financiera en el marco los de activos digitales.

About ByDzyne

ByDzyne's multi-faceted approach disrupts the traditional industry model by first understanding that one size DOES NOT fit all. You were born into a particular culture, with unique tastes, interests, and desires. Therefore, ByDzyne™ was created with a purpose to celebrate your uniqueness and empower your extraordinary potential. The company's exceptional "culture-crafted" products meet distinct needs in key consumer markets, and their lucrative business opportunity was formulated to fuel your ideal lifestyle, as YOU see fit.

This customizable approach is a driving force that propels everything ByDzyne does and will do in the future. They proved this by already establishing 4 distinct verticals: Technology, Training, Travel and Transform. And 8 industries are represented in these diverse categories of products and services: Forex, Online Marketing, Internet of Things (IoT), Lifestyle, CBD, Skincare, Weight Management, and Wellness. At ByDzyne's core, they believe that this "Power of Choice" offers not just opportunity, but security.

Ultimately, the perfect home-based business would have a catalog full of ever-evolving products and services, that would be relevant to all people, available in all markets, and at a price point that everybody can afford.

ByDzyne's mission is to be the most influential economic and cultural force in the industry. Thus, the goal is to continue to expand their global footprint into multiple verticals to maximize your income opportunities, capitalize on trends, and gain market share in upcoming industries as they advance. Their experienced executive team strives to stand apart from the pack, and build a legacy you can be proud of, one you can truly call home. We are ByDzyne™. Where limitations don't exist.
